BioSymmetry

Explore the natural definition of visual balance through the distribution of shapes and patterns with BioSymmetry.

In nature, symmetry is always approximate with two halves that rarely match up exactly when folded in half. Using this idea, the three carpet tile patterns expose an organic approach to geometric patterning.

Product Specifications | MODULAR

Natural Form

style **10499**

tile size **24" x 24" | 61 CM x 61 CM**

pile fiber & type **SOLUTION Q® NYLON**

tufted yarn weight (ASTM-D5848) **15 OZ | 508.6 G/M²**

dye method **100% SOLUTION DYED**

gauge **1/10 | 39.4 PER 10 CM**

stitches (ASTM-D5793-95) **10.83 PER INCH | 42.63 PER 10 CM**

total thickness (ASTM-D6860) **.241" | 6.12 MM**

density **6,750 OZ/YD³ | 8.89 KILOTEX**

secondary backing **STRATAWORX® TILE**

Instinct

style **10501**
